# *DEDICATION*

We made it through,  
but not without your guidance.  
We almost gave up,  
but you convinced us not to.  
In times of happiness,  
you rejoiced with us.  
In times of sorrow,  
you comforted us and made us feel happy again.

Even though your support was always there,  
it was the strongest during these last four years.  
We do not know what the future holds for us,  
but we do know what was accomplished in four years  
would not have been achieved without your being there.  
Although there were times when it seemed like we weren't listening,  
you were thought of in the back of our minds.

We thank you for everything you have done,  
and we love you for it.  
This is why  
we the class of "88"  
dedicate this yearbook to you — OUR PARENTS.

## ON OUR WAY

Today we'll start a new life  
And we'll say our last good-byes  
To all the friends we've grown to love  
With whom we've laughed and cried.  
Remembering the fun and laughter,  
The problems and the fears,  
And watching all our memories grow  
Throughout our high school years.  
The memories of the dances  
And the new friends that we've met,  
Vacations, teachers, talking  
And exams we'd rather forget.  
Yes, high school days are precious but brief,  
Where all your dreams come true;  
It is not the end, but the beginning  
Of a life we'll start anew.

# ADMINISTRATION & FACULTY

Dear Seniors

The end of the school year.

The end of your senior year, and so, the end of 12 years of school.

It's been a long time coming, this graduation. Probably you have few clear memories of anything that happened in the years before you started. Whether you wanted to or not you organized your life around school. It was, after your family, one of the central facts of your life. It became a habit. In fact, school helped to shape your personality and character, your habits and your way of doing things.

Nothing you do from now on will be quite the same as attending school. You had very little choice about school, but you will have choice in what you do next. Some have already made the decision, some will get jobs. And you will think from time to time that it's very much the same. You will get up early in the morning, and you will have commitments, things you have to do all day.

But it will be different because you will have chosen to do whatever it is you are doing. You will have made a selection from several possibilities. You will be responsible for the big thing you are doing as well as all the little things.

It is this which makes graduation a Commencement.

To The Class of 1988:

The opportunity to congratulate you upon the successful completion of your studies, as well as other achievements, is one for which I am grateful. Your courage during a period of tension and doubt is admirable. I am delighted, too, to welcome you into our body of alumni, who sustain and support us in all we do, and who present a most distinguished picture of the Bulkeley High School efforts to the world beyond the campus.

Education should set a standard of high values and creative accomplishment, of intellectual integrity and honest effort, sufficient to influence permanently the life of every student. It should produce individuals with committed minds, who are intelligent and wise enough to deal with the problems and demands in the real world of today.

If at Bulkeley High School, you have acquired the ability to adjust to new ideas and new ways, and to measure up to the opportunities and responsibilities that are yours, you will bear the Hallmarks of the Educated Person.

Sincerely yours,

A large, stylized handwritten signature in dark ink, which appears to read "Vernon J. Johnson". The signature is written over a horizontal line.

Give me life; Give me liberty; but  
please, no more students today!!!

Wow, it is time to go home . . .  
Shall I run or  
Shall I walk!!!

No matter where the yellow  
brick road will take us, the en-  
tire staff will always be in our  
hearts.

Special thanks to Mr. V. John-  
son. You have been our inspi-  
ration.

BEAUTY AND THE BEAST — BUT WHICH ONE IS BEAUTY AND WHICH ONE IS THE BEAST?! AT ANY RATE, THEY REALLY COMPLIMENT ONE ANOTHER.

Mmmmm...

This is real, people! Our teachers and administrators are really human as we often have wondered.

To: Sr. Class

See you at Class Night, Sr. Prom and Graduation.

Mr. Vernon J. Johnson  
*Yearbook Advisor*

Mr. Johnson, you have been such an inspiration to us throughout our four years at Bulkeley High School. Your consistent encouragement and efforts to see us succeed are greatly appreciated and will never be forgotten.

Our yearbook is the best because you encouraged us to work for what we wanted. You not only supervised us, but you put in some very heavy hours of extra work for us.

We have our dry days and our sunny days, but we have come to realize you acknowledged them for our benefit. We will miss you very much, but you will always be in our hearts. We will remember your smiles and laughter and your daily encouragement.

The class and yearbook staff of 1988 dedicate this page to you, the greatest teacher we have ever known.

Ya!
